Dear Rental Customer,

We urge you to discuss this matter with your insurance agent. Our Rental Agreement specifically calls for you to have “RENTERS INSURANCE”. There is a big difference between liability and full coverage insurance ***versus*** “renters’ insurance”. Some insurance agents will automatically have you covered for renters’ insurance, some want you to call in each time you rent a piece of equipment, and some may have no coverage for you at all to rent equipment. By signing this agreement, you are acknowledging that you do have or will have renters’ insurance. ***Please check with your agent!***

IMPORTANT MESSAGE: Our insurance company is requiring that ALL of our renters have signed documentation in our files stating that they have renters’ insurance, not full coverage on your farm and equipment but RENTERS INSURANCE. There is a difference. You must have the enclosed paper signed and returned to us before renting any equipment. THANK YOU!

To give you an idea as to how much renters insurance you may need, we have listed below some approximate costs of various pieces of equipment. We greatly appreciate your business and we have added a few pieces of equipment to our rental line. Thank you very much.
